## VISION/MISSION

**Mission:** The Center for Cultural Sustainability explores the continuity of the cultural systems of human existence. This includes consideration, understanding and respect for heritage—identities and values that bind people to places.

## WHAT WE DO

- Research on heritage resilience and cultural sustainability
- Analysis of new technologies and strategies applied to historic buildings
- Exploration of issues related to justice and equity in cultural heritage
- Master planning for architectural conservation projects
- Research, documentation and assessment of cultural assets, historic sites, and world heritage
- Feasibility studies for rehabilitation and urban development
